PROJECT BACKGROUND

Salamanca Arts Centre's stated Purpose is to Enrich the Community through Contemporary Art. Established over 40 years ago SAC's Aims are to enable artists to create new works of national significance, to enable artistic entrepreneurship, to manage our buildings responsibly and ethically, and, through respect, guidance and inspiration, to foster strong and deep connections between artists and audiences. We shall continue to work to enable artists to explore and articulate what it is to be a human, and to help artists tell their stories to other humans. In all we do SAC respects an artist's right to express his or her own artistic approach, form and content in investigating their personal concerns and exploring and questioning the world in which we all live.

Salamanca Arts Centre's Purpose, Strategic Priorities and Aims arise from and are inextricably connected with three essential elements: our support of Contemporary Art and Artists; the Buildings and how we use them; Our capacity to Connect with Communities.

Through the generous support of the Australian Federal Government, Salamanca Arts Centre has been awarded a Commonwealth Regional Grant of \$200,000 towards the redevelopment of the Salamanca Arts Centre Courtyard.

Salamanca Arts Centre has engaged PlayStreet to develop plans for the Courtyard landscaping project, and as part of the overall redevelopment. This will also include a commissioned artwork by a selected Tasmanian-based artist as well as new furniture, to be designed by a Tasmanian furniture designer/maker.

The Courtyard redevelopment will also include additional sound and lighting equipment and a redesigned performance stage. We expect that the Courtyard redevelopment project will be completed by November 2020 and ready to be opened to the public at that time.

Salamanca Arts Centre will select the artwork of one Artist, or one collaborating team, with the successful recipient allocated \$10,000 to realise and install the work.

PURPOSE OF COMMISSION

With a history of supporting Tasmanian artists for over 40 years, Salamanca Arts Centre recognises the value in providing opportunities for Tasmanian artists that enhance collaboration and creative responses to public spaces.

The Salamanca Arts Centre Courtyard will be a busy place for arts and community events, catering to a wide range of people, including local, interstate and international visitors and audiences. The artwork will be launched in conjunction with the final completion of

the Courtyard re-development, and this commission will demonstrate the strength and vibrancy that exists within the Tasmanian Arts & Cultural sector.

ARTFORM

Artists and designer/makers working across a range of disciplines are encouraged to apply for this commission. Applications may reflect either a solo or collaborative response to the site.

DESIGN CONSIDERATIONS

There is no theme or subject matter to which the art need relate, and we expect that the chosen submission will be one where artistic excellence, creativity, and the objective of creating a work that the public will find fascinating and inspiring for many decades to come, are paramount and evident.

The SAC courtyard is located in an external public space and so Artists should consider using weather resistant materials that are low maintenance, easy to clean and with a lifespan of at least 15 years. The Artist is required to provide details on sufficient maintenance for the work that reflects the conditions the work is subject to, in its location.

The proposed artwork and installation method will need to comply with all local regulations including but limited to, Work Health Safety Act 2012 (Tasmania), and Building Code of Australia. This may require the Artist to engage a consultant to work with on matters relating but not limited to, engineering, design and material certification where relevant.

Contractors undertaking installation must have appropriate licenses, trade qualifications, and insurances.

It is the responsibility of the Artist to provide evidence of such compliance for review, at both Stages 2 & 3 of the project. The Artist is required to include these costs in the artwork budget.

BUDGET

The artwork budget is intended to cover all costs associated with the design, fabrication, certification and installation of artwork. These costs may be put towards a design fee and labour, transport, installation, certification costs (if applicable), insurance, travel and accommodation (if required), subcontractor fees if any are engaged by the Artist, contingency and any other costs associated.

Applicants will not be required to submit a budget in their initial application, but should they be successful, a detailed budget will be required in Stage 2, with a budget report to follow, upon completion of the work in October 2020.

Salamanca Arts Centre will provide an attribution plaque for the artwork. This does not need to be factored into the applicant's budget considerations.

If the Artist is bound by an exclusive contract to a commercial gallery it is the responsibility of the Artist to notify the gallery and negotiate commission fees which may require payment.

HOW TO APPLY

1. Read the project details and application criteria thoroughly.
2. Contact the SAC team with any queries on (03) 6234 8414 or programassist@sac.org.au
