I Am for the ocean

I Am the ocean

Salt Mother gushes in lush puddles

In my blood

Water is the life in me

I in it

I Am for the rush

Of making marks

And placing sparks in space and time

This place is mine

Not to be mined

It is mind body spirit

I Am with it

Not just in it

Nature is me

I Am she

I Am soaring

I Am the wind

Elevated uplifted floating

Cultivating organic human evolution

Free from deception and pollution,

Soulless transhumanist delusion

I breath life in

It breathes me out

I Am shining

Shimmering in the fire of everywhen

I bend and crackle
In sacred space
I Am for beauty and grace
I Am against nothing
I Am for the Earth
Most powerful activist potency
Is to Be
Unbroken by fear factory
Sovereign powerful free
With peaceful crone craic
No urgency
In spiralling ascending apogee
I Am the aether
Not the particle
Not the wave
In shimmering brilliance
Pure energy
I hear the luring siren lyric in the currency of fake
And I choose to take
What is absurd untrue low vibe
And make
Something of beauty
When I heal me
Country feels
and heals
In synchronicity
I stand with tribe
Melukerdee
And lovers of this land

I Am for love

Neeminah teggana nire

Mother heart heal

Liyini milaythina rrala

Singing country strong

I Am cradled in the heart of she
